

ScribeEC Series

Automated PC-Based CD-R/DVD-R Duplication

Endless Configurations, Endless Opportunities

The ScribeEC PC copier series offers the most versatility and flexibility of any desktop duplicator on the market today. The ScribeEC PC can be configured with 1, 2, or 4 52X CD, or 8X DVD / 24X CD drives with or without thermal or inkjet printing or simply as a disc printing only system. Plus, the ScribeEC PC features a super-sized maximum 600 disc maximum spindle capacity (depending on model and printer choice).

Endless Time-Saving Features

The ScribeEC PC professional grade duplicators are surprisingly easy to operate. In fact, two of its most advanced functions do not even require an operator to be present, saving you time and money. With features including Asynchronous Duplication / Printing and Relay Mode technology, the ScribeEC will duplicate multiple masters and print multiple labels in one continuous, unattended process.

SCRIBE EC with Opti Printer

Additional Features

- Endless Configurations - Build the CD / DVD system that meet your needs exactly.
- Enhanced Automation - Provides optimal performance with minimal user intervention
- Includes license-free Network Client Software - Submit, edit or check status of duplication or print jobs from anywhere on your network to single or multiple copiers!
- Industrial Design - Features a durable, steel chassis and aluminum spindles.

Exclusive Audio CD Frame Accurate Drive Technology

The ScribeEC PC system featuring our exclusive frame accurate technology offers enhanced professional audio capabilities. And thanks to this, MF DIGITAL duplicators are the only ones that allow 100% verification of audio CD recordings.
